

MegaView™ Pro 27

29" CRT (27.0" diagonal viewable image)

A Professional Presentation Monitor With Unparalleled Performance

The MegaView Pro 27 from Mitsubishi Electronics America, Inc., is specially designed to showcase any presentation, from corporate boardrooms to educational classrooms. Featuring the latest in CRT technology, an ultra-fine stripe pitch, and expanded scanning range, the high-end 29-inch (27.0-inch diagonal viewable image) multimedia monitor provides unsurpassed performance and versatility for both computer and video presentation applications.

- Flat-square CRT with RGB contrast-enhancement filters significantly reduces glare and increases brightness and contrast
- Invar mask with an ultra-fine 0.60 mm stripe pitch and an advanced Dynamic Beam Forming electron gun for accurate focus and screen uniformity
- Microprocessor-based 15 to 95 kHz auto-scan range
- 1600 x 1200 at 75 Hz refresh rate maximum non-interlaced addressable resolution
- Auto-scanning circuitry instantly synchronizes over a wide range of frequencies
- On-screen display (OSD) control system with icon-based control panels and intuitive front-panel buttons
- Wireless multi-function remote control
- 10-watt stereo sound
- Compatible with IBM®, Apple® Macintosh®, Power Macintosh®, Windows®, and third-party graphics standards, as well as S-VHS, NTSC, M-NTSC, PAL and SECAM video formats
- Two video inputs, including S-VHS, and two analog RGB inputs for maximum versatility

MEGAVIEW™ PRO 27 MONITOR

29" CRT (27.0" diagonal viewable image)

Introducing the MegaView™ line of large screen monitors from Mitsubishi Electronics.

Mitsubishi was first to offer direct-view presentation monitors. Today, Mitsubishi still has a broader line of presentation displays than anyone else, including 29-inch to 50-inch (27.0-inch to 50.0-inch diagonal viewable image) MegaView models. Each capable of making your next presentation truly memorable.

Mitsubishi auto-scanning, large screen monitors were developed for multi-person viewing of video, data, and graphics, along with dynamic stereo audio. Create spectacular multimedia

presentations combining virtually all video and computer sources available today. With Mitsubishi MegaView monitors, you'll get clearer, sharper images – even in high ambient light.

With an ultra-fine stripe pitch and expanded scanning range, the MegaView Pro 27 is the most powerful monitor in its class. Specially designed to showcase any presentation, from corporate boardrooms to educational classrooms, this high-performance 29-inch (27.0-inch diagonal viewable image) color monitor offers unsurpassed performance and versatility for both computer and video applications.
